To Whom It May Concern:

We have submitted this letter to the Yucaipa News Mirror to print which they promised they would print, however, after many endeavors it has not been printed. I am resubmitting it to another newspaper that will live up to their journalistic responsibilities of printing both sides of an issue regardless of who they endorse.

I have known Judge Robert Fawke for over 35 years. Judge Fawke is running for city council. He has excellent moral character, exhibits the upmost integrity, and honesty. He will be an excellent addition to city council. I am looking forward to having new restaurants, theaters, and high quality department stores in the immediate area without exhibiting over growth. I am looking forward to eliminating High Occupancy Toll lanes or any costly toll roads. We do not want anything that slows traffic down or costs money. It is without hesitation that I endorse Judge Robert Fawke to bring in a new perspective for Yucaipa.

Sincerely,

GREGORY H. KASSEL
